Fiserv Experts Talk Tech at MBA TECH 2014

- ▮ **Industry experts Joe Dombrowski and Lee Gillispie to speak on data, regulation and technology**
- ▮ **Fiserv to exhibit its end-to-end lending solutions in booth #209**

Brookfield, Wis., March 17, 2014 - MBA TECH 2014, Booth 209 - [Fiserv, Inc.](#) (NASDAQ: FISV), a leading global provider of financial services technology solutions, announced today that Joe Dombrowski, chief mortgage strategist, Lending Solutions, Fiserv, and Lee Gillispie, senior account executive, Enterprise Content Management, Fiserv, will both be speakers at Mortgage Bankers Association's (MBA) [National Technology in Mortgage Banking Conference & Expo 2014](#). In addition, Fiserv will be exhibiting end-to-end lending solutions, including LoanServ™, Business Technology Services and LoanComplete™, in booth #209. The conference kicks off Tuesday, March 18 and runs through Friday, March 21 in Los Angeles.

Dombrowski will participate in a roundtable discussion, "Special Session: Centralized Data Roundtable," which takes place Tuesday, March 18, from 2:00 - 3:45 p.m. PT. During the session, participants will explore the possibility of an industry-wide data infrastructure for the lending industry, including a look at risks and impediments to its development. Additionally, Dombrowski will moderate a panel session, "How the Industry Implements a Regulation," which will discuss how industry participants approach new regulations. This session will occur on Thursday, March 20 from 1:30 - 2:45 p.m. PT.

"Data is an issue that touches all parts of the lending industry, including regulations," said Dombrowski. "This conference, and specifically the session I'll be taking part in, provides an opportunity to address how others in the industry are tackling this issue and to discuss best practices."

Gillispie will participate in a panel session titled "We All Need Validation - Using Technology Effectively to Comply with Regulations," occurring Thursday, March 20 from 3:15 - 4:30 p.m. PT. The session will review special conditions and solutions to solve regulatory compliance needs.

"As these regulations play out, it's more important than ever for lending institutions, big and small, to be prepared," said Gillispie. "My panel session will cover all the 'need-to-knows' for your organization, and I'll be available at the Fiserv booth to discuss technology solutions more in-depth."

Attendees who visit the Fiserv booth #209 will have the opportunity to see demos of LoanComplete, LoanServ, and Business Technology Services, and to speak with Fiserv experts.

LoanComplete is a solution suite from Fiserv that efficiently manages life-of-loan processes, captures and retains content, compares and routes data, and tracks documents. Configurable tools allow the lender to view all activities at a glance with critical data extracted for easy comparison. This minimizes loan processing time, improves portfolio value and reduces lender exposure. The LoanComplete product set complements an institution's existing loan origination, loan servicing and regulatory compliance solutions.

LoanServ is an enterprise servicing system that consolidates all of a borrower's consumer loan relationships on a single platform. It automates all loan servicing processes, including integrated default management, collections, and investor accounting for both closed-end and revolving loans.

Business Technology Services is a comprehensive suite of services that help clients manage, support, customize, integrate, and test banking and payment applications to gain competitive advantage while increasing operational efficiency, cost effectiveness and improving customer experience. The services combine Fiserv domain expertise, industry experience, best-in-class talent pool experienced in financial products, and the cost benefits of a seamless global delivery model.

Fiserv provides solutions for complete life of loan management, from origination through servicing, and is a leading provider of lending solutions in the United States. Fiserv mortgage technology processes millions of loans for diverse residential lenders, servicers and subservicers.
