## **Prologue Financials from Fiserv Brings Greater Speed, Accuracy and Efficiency to Financial Accounting**

- | Fiserv helps make life easier for financial accounting professionals with streamlined and simplified month-end reporting
- | Prologue Financials facilitates increased accuracy and efficiency with greater automation and control of financial accounting processes

**BROOKFIELD, Wis., May 11, 2016** - [Fiserv, Inc.](#) (NASDAQ: FISV), a leading global provider of financial services technology solutions, today announced the availability of Prologue™ Financials. The fully updated accounting suite features enhanced, built-in automation and controls and a newly designed user interface, enabling users to increase the efficiency of financial accounting processes.

"Finance and accounting professionals are continually looking for better, faster and more cost-effective solutions to help streamline accounting, reporting and compliance processes," said Tim Grace, senior vice president and general manager, Financial & Risk Management Solutions, Fiserv. "The new Prologue Financials helps make life easier for CFOs, controllers and other accounting professionals. The solution can enhance their speed and effectiveness by delivering the business insights needed for better informed decision-making."

Prologue Financials delivers consistent, reliable data about daily financial operations and allows bank and credit union accounting and finance managers to automate and streamline day-to-day processing, month-end reporting and reduce manual accounting efforts. Prologue Financials users have cited up to a 90 percent time savings in comparison to previous manual processes and up to a 70 percent reduction in the time required for month-end close.

The solution's new user interface simplifies access to financial data within the application, allowing users to configure process flow and streamline report generation for improved productivity. Users also have the ability to create favorites and easily customize queries and reporting to their specific requirements. More rapid access to information within the user interface also facilitates faster decision making.

The Prologue Financials suite from Fiserv includes modules for accounts payable, fixed assets, general ledger, investment portfolios and procurement. The modules can be implemented separately or as a comprehensive suite.

Financial information from Prologue Financials can be seamlessly integrated with insights from other Fiserv risk management and performance management solutions to provide clients with a more unified, accurate and manageable view of their overall business performance.

In a world that is moving faster than ever before, Fiserv solutions and expertise help clients deliver financial services at the speed of life, meeting customers where they are and enhancing the way people live and work today. Learn more at [TheSpeedofLife.com](#).
